

**Learning, Loving, Living . . .**  
*The Story of our Faith*

Each of us has a story to tell. Usually it begins with where we come from, how long we have lived in the area, the members of our family, what we do for a living and what we live to do, and how we came to this place.

From there we begin to talk about where God is or is not present in our lives, and how we seek either to find meaning or enrich the meaning of our lives. All of us want to know where God is in all of our stories, and if it makes a difference.

Transfiguration is community of people from many different countries who are seeking that intangible something that makes us Christians—and not just good people, which we all are. We serve this church through our ministries and the community and the world through our missions.

Together, we're striving to become the kind of church described in the Bible, where there's relevant teaching, heart-felt worship, honest friendships, constant prayer, and compassionate care for those in need. Walk with us and tell us your story.
